ANTI-MONEY LAUNDERING PROGRAM

Imperial Smelting & Refining Co. of Canada Ltd. (Imperial) and its wholly owned subsidiary, Umicore Precious Metals USA Inc. Imperial and Umicore fall under the definition of a "Dealer." As part of our AML policy, we will collect information on new individuals and new company owners to validate business transactions.

We thank you for your valued cooperation in eliminating fraud and unlawful business practices in our industry.

THIS CONSTITUTES THE STANDARD TERMS AND CONDITIONS BY WHICH IMPERIAL SMELTING & REFINING CO. OF CANADA LTD./UMICORE PRECIOUS METALS USA LTD. ("REFINER") PERFORMS REFINING SERVICES FOR CUSTOMER(S). NO AMENDMENTS OR ADDITIONS SHALL BE BINDING ON THE REFINER UNLESS AGREED TO IN WRITING BY AN AUTHORIZED REPRESENTATIVE OF THE REFINER. IN ADDITION THE REFINER IS NOT BOUND BY ANY TERMS AND CONDITIONS OF THE CUSTOMER'S PURCHASE ORDERS OR ANY OTHER FORMS WHERE THEY ARE AT VARIANCE WITH THE TERMS AND CONDITIONS CONTAINED HEREIN.

1. General. The terms and conditions set forth below shall constitute the sole, complete and exclusive agreement between Refiner and Customer and shall not be modified or waived, except by written agreement by an authorized representative of the Refiner. All other terms, conditions, warranties, acceptances or other communications between Refiner and Customer are considered null and void to the extent they conflict with the terms and conditions set forth herein.

2. Environment, health and safety. All material shipped to the Refiner must comply with D.O.T. and W.H.M.I.S. (for transport in Canada) and W.H.M.I.S., D.O.T. and R.T.K. (for transport in the USA) and other relevant regulations. The Customer shall not deliver material that is corrosive, explosive, flammable, radioactive, bio-hazardous, carcinogenic, hazardous, toxic or contain any of the following: chlorine, bromine, fluorine, selenium, mercury, arsenic, cadmium, tellurium, or plastic (compounds) etc. Should packaging be visibly damaged (oil or liquid soaked cardboard, tear or rip through container, cracked plastic container) when received, it will be quarantined and the customer contacted before opening to ensure contents have not been adversely affected during transit. Should a strong acidic or ammonia odour be noticed when the outer or inner package is opened, then the customer will be contacted before processing begins. All powder / dust lots are to be packaged in an inner sealed container to prevent unintended release of dust when the outer package is opened. All cost and liabilities arising out of the delivery of such material shall be the responsibility of the Customer.

3. Warranty. The Customer warrants that it is the sole legal beneficial owner of the material free from all liens, charges and encumbrances or other adverse rights or interests whatsoever and shall hold Refiner harmless from any and all suits, judgments or damages based upon a claim by third parties to the contrary.

4. Delivery. Refiner will make commercially reasonable efforts to meet the settlement date, however, such date is an estimate only and in no circumstances shall the Refiner be liable for any loss of value, direct, indirect or consequential, sustained by the customer through market fluctuations or any other cause whatsoever arising out of late settlement or trading of metal by Refiner.

5. Conditions of Purchase/Credit and Sale. The Customer is advised to provide written instructions to the Refiner by using the refining packing slip which is available on our websites. In case of verbal instructions the Refiner's records will be valid. Unless otherwise pre-agreed in writing standard pricing (including any applicable retentions, holding, storage, disposal, administration, handling, preparation or other charges) will apply. Pricing may be subject to change. Pricing information is available from our customer service team (contact details on our websites). The Refiner reserves the right to determine the appropriate processing, sampling and assay techniques and procedures to evaluate contents of individual lots. The Refiner reserves the right to refuse the lot for refining upon inspection and analysis of the full lot, irrespective of any previously analyzed samples. Unless otherwise pre-agreed the Refiner's sample, processing, sampling and assay techniques and procedures will be used to determine the fine metal content and settlement amounts. Unless otherwise pre-agreed the Refiner reserves the right to process all material once sampling is complete. In case the customer desires to take back the material prior to refining, the Refiner reserves the right to charge for all services provided up to that point. The Refiner reserves the right to deduct refining charges and other appropriate charges and premiums from settlement amounts and hold consignment material pending receipt of assaying, refining and other charges. Interest charges are applicable on overdue accounts. All inbound shipments are DDP Markham (Incoterms 2010). Insurance, handling, freight, duty and taxes or any other charges on shipments will be charged to the account of the sender (originator – owner) of the material, unless otherwise mutually agreed to in writing.

6. Payment. Payment of all invoices is due in full within 30 days of the statement, which is issued on the last day of the month for all services during that month. Overdue accounts are subject to a late payment charge at prevailing interest rates. Any claim concerning invoice amounts shall be made within ten (10) business days from the date of receipt of invoice by Buyer, or shall be deemed void. If at any time Seller becomes insecure about Customer's ability to perform under this contract, Refiner may in writing demand from customer adequate assurance of customer's ability to perform, and Refiner may, at Refiner's option, suspend delivery of services until Refiner has received such assurance from Customer in writing, or may require cash or other security before delivery of services to Customer. In addition to any other legal remedy, if Customer fails to fulfill the terms of payment or is in default with respect to any other term, Refiner may, at its option, cancel all further deliveries of services to Customer. Customer agrees to pay all costs and expenses, including reasonable attorneys' fees, incurred by Refiner in the collection of any sum due by Customer to Refiner.

7. Limitation of Liability. IN NO EVENT SHALL REFINER BE LIABLE FOR ANY SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES (WHETHER ARISING IN WARRANTY, CONTRACT, NEGLIGENCE, STRICT LIABILITY, ABSOLUTE LIABILITY, ACTUAL OR IMPUTED TORT, PATENT INFRINGEMENT OR OTHERWISE) including, but not limited to, loss of profits or revenue, loss of use of the item(s) delivered, loss of use of fine metal or cash/cheque (monies) received, cost of capital, or claims of clients of the Customer for such other damages, whether on account of any nonconformance or defect in any items furnished hereunder or delays in delivery thereof or services performed thereon or any other nonconformance by Refiner. Refiner's liability on any claim, whether in contract, negligence, actual or imputed, strict liability, absolute liability, tort or otherwise for any loss or damage arising out of, connected with, or resulting from this contract or the performance or breach thereof, or from the design, manufacture, sale, delivery, resale, repair, replacement, installation, inspection, operation or use of any items covered by or furnished under this contract shall in no case exceed the aggregate refining charges actually paid by the Customer to the Refiner in regard to the material or metals which give rise to this claim.

This includes actions by any provincial, federal, state or local government or any department or agency thereof; acts of God, natural disasters, fires, strikes, lockouts, embargoes, wars, riots, shortages in materials and labour, transportation, utilities and other critical materials and services. In the event of a delay due to these reasons, the date of delivery may be extended by a similar amount of time that is reasonable to compensate for the delay.

This warranty expires thirty (30) days after the date of delivery of the warranted Products. Before returning any Product covered by this warranty, Buyer must obtain a return authorization from Seller, which will be valid for thirty (30) days from the date of Seller's issuance, provided that Seller receives the returned Product within the 30-day period. Seller shall have no liability to Buyer for any costs, lost profits, or other damages resulting from any such design or specification change or Product discontinuance. If Buyer desires Product changes, Buyer shall submit a written request to Seller for consideration. Within a reasonable period thereafter, Seller shall notify Buyer of its acceptance or rejection of Buyer's request. If accepted, Seller shall provide Buyer with its charges for the Product change and a proposed implementation date.

If an action by either party requires the consent or approval of the other, such consent or approval on any one occasion shall not be deemed consent or approval on a subsequent occasion or to any other action.

17. Cancellation.
